

Datacard® EZ-ID

# HIGH-QUALITY IDS IN MINUTES

Out-of-the-box ID Solution

The Datacard EZ-ID System puts everything you need to issue high-quality color photo ID cards in one simple, quick-deploy package.

## Perfect for basic ID programs

Quickly create a custom ID program — without the high cost or complexity.

## No-hassle setup

Intuitive guides make implementation a breeze for even the most non-tech-savvy. Just three easy steps:

- 1 Upload your card design
- 2 Take a picture with built-in photo capture
- 3 Click “print”

## Add affordable security where you need it

The basic EZ-ID package offers UV printing capability, giving you an affordable way to add a hidden security feature.

## Complete solution: proven technology and expertise

Entrust Datacard created the EZ-Card program to make it easy to implement and manage an ID card program.

Proven hardware and software deliver reliable performance — and unmatched expertise is there when you need it.

**Datacard®**

## What's in the Box?

- Datacard® SD160™ Card Printer
- Datacard® TruCredential™ Software Express edition
- YMCKFT UV print ribbon (approx. 300 yield)
- Logitech C920 HD Pro Webcam
- 250 blank white PVC cards

## Easy-to-Use, Complete Solution

 <p><b>1. Design Your Card</b></p>	 <p><b>2. Take Picture</b></p>	 <p><b>3. Click "Print"</b></p>
<p>Powerful, flexible and user-friendly, TruCredential Software provides the core tools you need to easily design and manage data for ID cards.
